Baby Care

- **There are number of pages in my website. In home page you can see navbar, header, blogs, services, testimonials, you can also see a contact form. In every services card there is a button buy now. when you click this button, it will take you to the login pages(if you are not a logged in user). Then you can login by google.**
- **In Dashboard page, there is a sidebar. here you will see different info whether you are an user or admin. If you are an user, you can only write review. On the other hand, if you are an admin, you can add a service or you can make someone as admin.**
